

Member News for May, 2025

Many thanks to these owners and residents!

Dave Bellin and Gene Shelton, for working on the picnic tables in the upper loop

Brian Grimwood, Bob Berndt, and Tim Baker for contacting residents about allowing their extra spaces to be used for cars displaced by the tree work.

The owners and residents who offered their extra spaces during that time.

Tim Baker, for organizing the picnic on May 30.

Hans Wuerth and Dave Bellin, for beautifying the area near them where the trees were cut down.

The work being done by J and D on the remaining gable ends and dormers requires some adjustment to their need for space for the container and the port-a-potty.

We welcome the new owners of 135, Carol Holcomb and Jean McLendon.

We are working with owners to prevent cat roaming.

Owners are always welcome to attend Board Meetings. Their questions and comments are heard first. If the discussion gets to an item of a confidential matter, then the Board goes into Executive Session.
